Thank You for Participating in the 2008 Chicago Franchise Opportunities Seminar

Greetings!

Thanks so much for attending the 2008 Chicago Franchise Opportunities Seminar for Women and Minorities. With over 25 franchise systems represented, business experts, and 70 registered attendees, our day was a great success.

We appreciate your assistance in helping us bring powerful business information and resources to entrepreneurs, and inspiration necessary to start and grow businesses within Chicago's transforming communities. We hope you enjoyed hearing from Stephanie Neely, Treasurer, City of Chicago and learning about the programs and services offered by the City of Chicago Treasurers Office.

Again, thank you for your participation. We look forward to working with you in the very near future.
